Belknap County takes pride in the new facilities made possible by votes of the 1963 and 1965 County Delegation.

Built at an approximate cost of \$750,000, it replaces thoroughly unsuitable conditions. Of this cost, which includes remodelling the jail section, \$200,000 came from the sale of County land, \$250,000 from the U. S. Government under the Hill Burton Act, and the remainder from the County taxpayers and gifts.

*The architects were Norman P. Randlett and Douglass G. Prescott.
General contractors were Winston P. Titus and Ralph E. Harper.*
